DETAILED ACTION

1. Claims 1-22 are pending in the application.

Election/Restrictions

2. Restriction to one of the following inventions is required under 35 U.S.C. 121:

- I. Claims 1-22, drawn to compounds of formula (I) where n represents 1 and R3 represents (CR3'R3')r-C3-C6 carbocyclic residue, pharmaceutical compositions containing these compounds and a method of using these compounds, classified in class 546, subclass 231.
- II. Claims 1-6 and 13-22, drawn to compounds of formula (I) where n represents 2 and R3 represents (CR3'R3')r-C3-C6 carbocyclic residue, pharmaceutical compositions containing these compounds and a method of using these compounds, classified in class 540, subclass 609.
- III. Claims 1-22, drawn to compounds of formula (I) where n represents 1 and R3 represents (CR3'R3')r-5-10 membered heterocyclic system, pharmaceutical compositions containing these compounds and a method of using these compounds, classified in class 546, subclass 207.
- IV. Claims 1-6 and 13-22, drawn to compounds of formula (I) where n represents 2 and R3 represents (CR3'R3')r-5-10 membered heterocyclic system, pharmaceutical compositions containing these compounds and a method of using these compounds, classified in class 540, subclass 596.

Art Unit: 1625

3. The inventions I, II, III and IV as defined above are patentably distinct, each from the other since they are structurally so divergent that a reference showing compounds of invention I would not render compounds of invention II through IV prima facie obvious.

Search required for e.g ; compounds of invention I in class 546, subclass 231 is not the same search required for e.g ; compounds of invention II in class 540, subclass 609 and therefore, constitutes a burdensome search.

4. A telephone call was made to the applicant's attorney, Ms. Mary K. Van Atten on April 6, 2004 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143). The applicants are requested to elect a single species within the elected group for examination purposes also.

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Charanjit S. Aulakh whose telephone number is (571)272-0678. The examiner can normally be reached on Monday through Friday, 8:30 A.M. to 5:00 P.M..
